Monday 7th April 2025

Good morning,

These pretty Snake's-head fritillaries with their distinctive pink-and-purple checked flowers along with the white variety are in a pot on our patio away from direct sunlight as they seem to prefer the shade. They are extremely hardy and are ideal for growing in containers, sunny spring borders and in wildflower meadows or areas of long grass.

If you are enjoying The Monday Picture please share it with your friends, this is the [link](#) they can use to sign up.

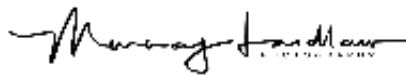

Until next Monday have a great week

Very best wishes,
