

[Zygopetalum crinitum](#)

Tuesday 27th August 2024

[Website](#)

Good morning,

Welcome to The Monday Picture on Tuesday.

This is an Orchid *Zygopetalum crinitum*, they grow in southern and southeastern Brazil between 600 to 1200 meters above sea level. I photographed this one at a recent Orchid show organised by the [Orchid Society of East Anglia](#).

For more information on Orchids and to find your nearest society contact the [Orchid Society of Great Britain](#).

In The Journal ...

The Monday Picture

One image and the background story.

This photo was taken with an iPhone 15 pro.

Until next Monday have a great week.
